

AACBT Qld Pub discussion

Working with Resistance

Do you struggle with “resistant” clients in therapy? If so, this pub discussion is for you.

You should leave with a few tips to successfully manage resistance.

GUEST SPEAKER Dr Angela Morgan

Many therapists feel stuck when clients say they want to change but continue engaging in the same behaviours over and over.

Managing the places in therapy where 'stuckness' appears to occur can be challenging.

Dr Angela Morgan specialises in eating disorders where change is often slow. Consequently, Dr Morgan has experience working with clients who might be considered resistant to change.

Angela is an excellent presenter and offers a wealth of knowledge on the topic.

If you want help with clients who seem to be stuck, please register your place at this pub discussion.

Registration from 6:15pm for a 6:30pm start.

Dr Angela Morgan is a clinical psychologist who specialises in the treatment of problematic eating and eating disorders.
